## Documenting AASA

---

AASA documentation should justify reasons why an individual's or a group's service to agriculture is outstanding, clearly exceeds job requirements, and deserves honorary recognition by the Administrator.

Documentation must convince various organizational screening levels and the Administrator's selection committee that the nominee has accomplished more than the job required, or that the results of those accomplishments, while within the job's responsibilities, are highly significant and clearly warrant recognition. The following questions may stimulate ideas for developing a nomination.

- What was done that deserves recognition?
  - Was it unique, a new approach, exceptionally creative?
  - If so, why?
- What was the effect of the accomplishment?
  - Was it local, regional, national, or international in scope?
  - Was it a model for others?
- Did the accomplishment result in increased program effectiveness?
  - Did it reduce costs?
  - Did it result in more effective operation or better public service?
  - Describe the results.
- What distinguished the nominee's profession or career? What special qualities or capabilities make the individual outstanding?
- What specific performance far exceeded job requirements?
  - Was the work done with less than usual supervision, help, or resources?
  - What obstacles were overcome?
  - What new techniques or procedures were developed?

The justification should avoid:

- emphasizing job responsibility rather than accomplishment
- retirement testimonials

**Note:** Nominees should be recognized for current achievements; that is, October 1 through September 30 of the past year.

- quoting statistics and making progress statements without comparing them to earlier periods or circumstances
  - general or vague statements about what was done, without referring to how it was done or by whom.
-
